

# Placing a VALUE on Integrated Care

- Reduced ER Utilization
- Reduced Inpatient Admissions
- Reduced Specialty Referrals
- Increased Patient Satisfaction
- Increased Primary Care Utilization
- Improved Outcomes

*“If you’ve seen one state payer system, you’ve seen one state payer system.”*

**There are any number of payer models and funding systems. What works in one state, may not be a recognized system in another. However, the essential components of an integrated model have value. Hear from Jeff Howard, Cherokee Health Systems’ CFO, as he describes our model and how Cherokee delivers its model in today’s challenging environment.**
